Impacts of private placement on shareholders' equity (for example, increase of cumulative losses)										
Fund utilization of private placement and project implementation progress										
Private placement benefits										

Note 1: Adjust the number of columns according to the actual number of private placements conducted. If there were multiple private placements of securities, fill in all the required information separately for each.

Note 2: Fill in the type of private placement securities, e.g., common shares, preferred shares, convertible preferred shares, preferred shares with warrants, straight corporate bonds, convertible corporate bonds, corporate bonds with warrants, overseas convertible corporate bonds, global depository receipts, or employee share subscription warrants, etc.

Note 3: In the case of a private placement of corporate bonds for which approval by the shareholders meeting is not required, fill in the date of approval by the board of directors and the amount approved.

Note 4: If the places for a private placement case have already been arranged, the relationship between the placees and the Company should also be described.

Note 5: Adjust the number of cells to match the actual number of the counterparties.

Note 6: Specify whether the counterparty is qualified under subparagraph 1, 2, or 3 of paragraph 1 of Article 43-6 of the Securities and Exchange Act.

Note 7: The actual subscription (or conversion) price refers to the subscription (or conversion) price set at the time of actual issuance of the private placement securities.
