Table 17

Production Volume and Value in the Most Recent 2 Fiscal Years

Unit:

Output Main products (or department)	Fiscal year			Fiscal year		
	Production capacity	Production volume	Production value	Production capacity	Production volume	Production value
Total						

- Note 1: Production capacity refers to the quantity that the Company can produce using existing production facilities in normal operations, after consideration of factors such as necessary suspensions of operations and holidays.
- Note 2: If there is substitutability in the production of any products, they may be calculated on a consolidated basis, and an explanatory note should be provided.
